HR LANDSCAPE DRIPLINE

Suitable for lawns, shrubs, trees and flower beds. Best suited for level ground applications, either on surface or under mulch.

FEATURES

- Suitable for use with standard 13mm LD fittings
- Size 12.5mm ID and 14.5mm OD
- Brown UV protected tubing is durable under sunny conditions and blends with ground or mulch colours
- Dripline has dual outlet ports on each dripper to ensure that only one outlet has contact with the ground, eliminating a chance of back siphoning debris into the tubing
- Manufactured in Australia
- Round dripper with wide water passages which provides high resistance to blockages
- Two inlet filters per dripper
- Self cleaning, water flow in dripper labyrinth flushes out sediments continuously
- Durable tube for years of trouble free use
