

## Underhill Easy Out Sprinkler Removal Tool

### Application:

Finally, a tool designed and engineered to help you remove and replace spray heads in 3 minutes or less. You can also use the cap to blank off un-used sprinklers.

Made from ultra heavy-duty precision engineered material and suitable for all major spray heads brands which allows the body of the sprinkler to be removed and replaced in 4 easy steps.

### Features and Benefits:

- No digging
- No damage to turf
- Saves time and money

1. Remove cap and internals, then insert rod into sprinkler body.

2. Place tool over rod and inside sprinkler body. Rotate tool counter clockwise to remove body.

3. Replace new sprinkler over rod and into ground. Push down and rotate tool clockwise to connect sprinkler body to pipe.

4. Replace new sprinkler component and cap.
