

PRODUCT SPECIFICATION

VYRSA – Brass Quick Coupling Valve (QCV)

Irrigation outlet designed for permanent irrigation systems in private gardens, municipal parks and sports facilities.

Instant opening with the insertion and turning of a bayonet key. When the key is removed, the valve automatically closes.

Body made of brass, with stainless steel springs and shaft.

These hydrants make water available at all points in the system, providing easily accessible connection points for hoses and sprinklers.

Ideal for providing supplementary irrigation.

Advantages:

- Available in both 20mm and 25mm MI
- Solid brass construction
- Key 20mm male x 15mm female brass key
- Key 25mm male x 20mm female brass key
- Maximum flow of up to 260 lpm.
- Working pressure between 20 kpa and 1000 kpa
- Pressure loss lower than 35kpa at maximum flow
