Bluetooth

HOSE TAP TIMER

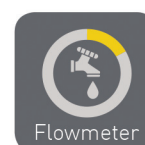

The B-hyve Smart Hose Faucet Timer gives you complete control over hose faucet watering from your Bluetooth device. No more dead plants because you forgot to water them. No more soggy lawns because you forgot to turn the water off. Download the Android or iOS B-hyve App to program your timer. One-touch watering is available on the timer so you can water without using your phone. Add on additional smart valves to create multiple watering zones in your yard, these timers will network together to boost the signal strength without the use of repeaters.

Features

- Control hose tap watering from your Bluetooth device (in range)
- Program the timer using the B-hyve App (Android and iOS)
- Unique Slim-line design
- One-touch watering at the timer for instant tap use
- Expand your system with additional timers
- Long battery life
- Requires two AA batteries (not included)
- Overmolded brass hose faucet swivel
