HANSEN TURBO-TWIST WASHDOWN NOZZLE

The Hansen Turbo Twist Nozzle takes traditional washdown to the next level by providing a concentrated jet like stream that works effectively to dislodge dirt and residue from concrete washdown surfaces with ease. A simple twist and go action delivers a flow that can be tailored to your particular needs from low to full high Turbo power, making the Hansen Turbo Twist suitable for virtually any washdown environment.

FEATURES

- **A Better Way to Wash** - Test results demonstrate you will save time with a higher and more concentrated flow, delivering 20% more cleaning power in comparison to comparable products.
- **Easy Turn Action & Built in Click** - Allows for control of flow, with the clever reverse click and prevents turning on if dropped.
- **Handles Hard Knocks** - Absorbs shock and gives maximum resistance when dropped on hard surfaces.
- **Large Inlet** - 40mm inlet provides maximum flow potential for fast and effective washdowns.
- **Easy Grip Body** - Provides excellent grip when working with wet hands.
- **Applications** - Yard Washing, High Pressure Washing, Meat Works, Factories, Marine
