The pressure regulator shall maintain the predetermined operating pressure provided that the inlet pressure is at least 34 kPa above the expected outlet pressure, with flows up to 41.63lpm but not exceeding the maximum inlet pressure as shown above.

Higher flows require additional inlet pressure to engage the regulator. Where flows are greater than 41.63lpm, the inlet pressure should be at least 62 kPa above the expected outlet pressure but not exceeding the maximum inlet pressure as shown above.

# TERMS AND CONDITIONS

## Payment Terms

1. The terms of payment are strictly thirty (30) days (or such other period as nominated by the supplier herein) from the end of the month in which the goods are purchased. Little Moreton Pty Ltd ABN 39 629 375 794 and its related bodies corporate (as that term is defined in the Corporations Act 2001) (Supplier) may, at any time, unilaterally vary the terms of trade in its absolute and unfettered discretion.
2. If the Applicant does not agree with the variations proposed by the Supplier, they must notify the Supplier in writing within fourteen (14) days from receipt of the written notice that the variations are not agreed to. The Supplier and/or the Applicant will then be at liberty to suspend/withdraw credit facilities if no agreement can be reached between the parties regarding the proposed variations. Absent notice from the Applicant, the varied terms and conditions of trade may be deemed accepted. Clerical errors (such as spelling mistakes or grammatical errors) may be subject to correction without notification.
3. The Applicant must check all invoices and advise the Supplier of any errors or omissions within seven (7) days of receipt. Failing advice from the Applicant that the invoice contains any errors or omissions, the invoice may be deemed accepted by the Supplier.
4. Should the Applicant not pay for the goods or services supplied by the Supplier in accordance with the credit terms as provided herein, or as agreed in writing by the Supplier and Applicant from time to time, after issuing a written demand to the Applicant demanding payment within fourteen (14) days, the Supplier will be entitled to charge an administration fee of 10 percent of the amount of the invoice payable.
5. A 2 percent per month charge will apply to accounts outstanding beyond the Supplier's thirty (30) day trading terms, however this will be waived where the account is paid within ninety (90) days of the date of the invoice.
6. The following are the terms and conditions of sale unless the sale results from a written quotation in which case the terms and conditions appearing on the Supplier's quotation form.

## Prices

1. Prices set out and referred to in the reseller's price list are recommended prices only and exclude GST. There is no obligation to comply with the recommendation.
2. Minimum invoice value \$200 applies. For orders less than \$200 including GST a handling fee of \$15 including GST applies.

## Delivery

1. The Supplier is not responsible for loss or damage of goods in transit except when the goods are carried in the Supplier's own vehicles.

## Returns

1. No freight charge for return of goods under the Applicant's volition shall be acceptable by the Supplier unless authorised by the Supplier.
2. Goods returned for credit will be subject to restocking charges and will be accepted only if received in original condition. A 25% restocking charge will be applied on goods sent back for credit or exchange.
3. The following goods cannot be returned for credit under any circumstances:
  - any goods specially cut to length;
  - any goods specially made plated or otherwise treated or purchased for the Applicant;
  - any goods damaged or altered in any way by the Applicant; and
  - any goods more than one (1) month after the date of purchase invoice.
4. Acceptance of delivery of goods returned for credit does not signify agreement to issue a credit note. A credit note will be issued only after the goods have been inspected and found to be satisfactory in the opinion of the Supplier. In the event that a credit note is not issued the Applicant will be advised and the goods made available to the Applicant.
5. The manager in each state office must approve any stock returns and goods cannot be returned without prior authorisation. Goods will not be accepted for return for credit later than thirty (30) days after the date of purchase and \$15 per credit fee applies for processing and handling returned goods.
6. No responsibility will be accepted for any delays in processing credit caused by goods being incorrectly branded or returned to any other destination than the Supplier's warehouse or depot from which they were purchased.

## Jurisdiction

1. The Applicant acknowledges and agrees that this agreement will be governed by the laws of Western Australia, and the laws of the Commonwealth of Australia which are in force in Western Australia.
2. The Applicant acknowledges and agrees that any contract for the supply of goods or services between the Supplier and the Applicant is formed at the address of the Supplier.
3. The parties to this agreement submit to the non-exclusive jurisdiction of the courts of Western Australia and the relevant federal courts and courts competent to hear appeals from those courts.

## Security/charges

1. The Applicant charges in favour of the Supplier all of its estate and interest in any real property, whether held in its own right or in its capacity as trustee, the Applicant owns at present and in the future with the amount of its indebtedness hereunder until discharged.
2. The Applicant charges in favour of the Supplier all of its estate and interest in any personal property, whether held in its own right or in its capacity as trustee, the Applicant owns at present and in the future with the amount of its indebtedness hereunder until discharged.
3. The Applicant appoints as its duly constituted attorney the Supplier's company secretary from time to time to execute in the Applicant's name and as the Applicant's act and deed any real property mortgage, bill of sale or consent to any caveat the Supplier may choose to lodge against real property that the Applicant may own in any Land Titles Office in any state or territory of Australia, even though the Applicant may not have defaulted in carrying out its obligations hereunder upon written notice and demand to the Applicant (in the event that there is no default by the Applicant in carrying out its obligations hereunder).
4. Where the Applicant has previously entered into an agreement with the Supplier by which the Applicant has granted a charge, mortgage or other security interest (including a security interest as defined in the Personal Property Securities Act 2009 (PPSA) over or in respect of real or personal property, those charges, mortgages or other security interests and the terms which directly or indirectly create rights, powers or obligations in respect thereto will continue and co-exist with the obligations and security interests created in this agreement and will secure all indebtedness and obligations of the Applicant under this agreement. The Supplier may, at its election and upon the provision of written notice, vary the terms of such previous charges, mortgages or other securities to reflect the terms herein.

## Purpose of credit

1. The Applicant acknowledges and agrees that the credit to be provided to the Applicant by the Supplier is to be applied wholly or predominantly for commercial purposes.

# TERMS AND CONDITIONS

## Formation of contract

1. Quotations made by the Supplier will not be construed as an offer or obligation to supply in accordance with the quotation. The Supplier reserves the right to accept or reject, at its discretion, any offer to purchase received by it upon provision of written reasons to the Applicant. Only written acceptance by the Supplier of the Applicant's offer will complete a contract.
2. Placement of an order, either verbally or in writing, will imply acceptance of the Supplier's offer and of these terms and conditions.

## Retention of title

1. Title in the goods does not pass to the Applicant until the Applicant has made payment in full for the goods and, further, until the Applicant has made payment in full of all the other money owing by the Applicant to the Supplier (whether in respect of money payable under a specific contract or on any other account whatsoever).
2. Whilst the Applicant has not paid for the goods supplied in full at any time, the Applicant agrees that property and title in the goods will not pass to the Applicant and the Supplier retains the legal and equitable title in those goods supplied and not yet sold.
3. Until payment in full has been made to the Supplier, the Applicant will hold the goods in a fiduciary capacity for the Supplier and agrees to store the goods in such a manner that they can be identified as the property of the Supplier, and will not mix the goods with other similar goods.
4. The Applicant will be entitled to sell the goods in the ordinary course of its business, but until full payment for the goods has been made to the Supplier, the Applicant will sell as agent and bailee for the Supplier and the proceeds of sale of the goods will be held by the Applicant on trust for the Supplier absolutely.
5. The Applicant's indebtedness to the Supplier, whether in full or in part, will not be discharged by the operation of clause 29 hereof unless and until the funds held on trust are remitted to the Supplier.
6. Any right to bind the supplier to any liability to any third party by contract or otherwise is however expressly negated. Any such resale is to be at arms length and on market terms and pending resale or utilisation in any manufacturing or construction process, is to keep separate from its own, properly stored, protected and insured.
7. The Applicant agrees that whilst property and title in the goods remains with the Supplier, the Supplier has the right, with prior notice to the Applicant, to enter upon any premises occupied by the Applicant (or any receiver, receiver and manager, administrator, liquidator or trustee in bankruptcy of the Applicant) to inspect the goods of the Supplier and to repossess the goods which may be in the Applicant's possession, custody or control when payment is overdue.
8. The Applicant will be responsible for the Supplier's reasonable costs and expenses in exercising its rights under clause 32. Where the Supplier exercises any power to enter the premises, that entry will not give rise to any action of trespass or similar action on the part of the Applicant against the Supplier, its employees, servants or agents.
9. The Applicant agrees that where the goods have been retaken into the possession of the Supplier, the Supplier has the absolute right to sell or deal with the goods, and if necessary, sell the goods with the trademark or name of the Applicant on those goods, and the Applicant hereby grants an irrevocable licence to the Supplier to do all things necessary to sell the goods bearing the name or trademark of the Applicant.
10. For the avoidance of doubt, the Supplier's interest constitutes a 'purchase money security interest' pursuant to the PPSA.

## Cancellation of terms of credit

1. The Supplier reserves the right to withdraw credit at any time upon provision of 48 hours' written notice.
2. Upon cancellation with notice all liabilities incurred by the Applicant become due and payable to the Supplier within seven (7) days.

## Indemnity

1. The Applicant agrees to indemnify the Supplier and keep the Supplier indemnified against any claim that arises out of the goods and services supplied under this agreement. This indemnity includes any legal fees and expenses the Supplier incurs in order to enforce its rights, on an indemnity basis.

## Provision of further information

1. The Applicant undertakes to comply with any reasonable written requests by the Supplier to provide further information for the purpose of assessing the Applicant's creditworthiness, including an updated credit application.
2. If the Applicant is a corporation (with the exception of a public listed company), it must advise the Supplier of any alteration to its corporate structure (for example, by changing directors, shareholders, or its constitution). In the case of a change of directors or shareholders the Supplier may ask for new guarantors to sign a guarantee and indemnity.

## Corporations

1. If the Applicant is a corporation, the Applicant warrants that all of its directors have signed this agreement and that all of its directors may be required to enter into a guarantee and indemnity with the Supplier in relation to the Applicant's obligations to the Supplier.

## Trustee capacity

1. If the Applicant is the trustee of a trust (whether disclosed to the Supplier or not), the Applicant warrants to the Supplier that:
  - the Applicant enters into this agreement in both its capacity as trustee and in its personal capacity;
  - the Applicant has the right to be reasonably indemnified out of trust assets;
  - the Applicant has the power under the trust deed to sign this agreement;
  - the Applicant will not retire as trustee of the trust or appoint any new or additional trustee without advising the Supplier;
  - the Applicant will not without the prior written consent of the Supplier do any act or thing or omit to do any act or thing so as to harm or impair or be likely to harm this agreement or the covenants, terms and conditions thereof; and
  - in the event of a new substituted or custodian trustee being appointed under the trust deed it will procure that such new substitute or custodian trustee shall enter into a deed in like form mutates mutandis with this agreement, which deed shall be prepared and stamped by the Supplier's solicitor at the cost in all respects of the Applicant.
2. The Applicant must give the Supplier a copy of the trust deed upon request.

## Partnership

1. If the Applicant enters into this agreement as partners, the Applicant warrants that all of the partners have signed this agreement and that all of the partners may be required to enter into a guarantee and indemnity with the Supplier in relation to the Applicant's obligations to the Supplier.
2. If the Applicant is a partnership, it must not alter its partnership (for example, adding or removing partners or altering its partnership agreement) without advising the Supplier. In the case of a change of partners, the Supplier may ask for new guarantors to sign a guarantee and indemnity.

# TERMS AND CONDITIONS

## Insolvency

1. If the Applicant becomes insolvent, the Applicant remains liable under this agreement for payment of all liabilities incurred hereunder. The Applicant remains liable under this agreement even if the Supplier receives a dividend or payment as a result of the Applicant being insolvent.

## Waiver

1. A waiver of any provision or breach of this agreement by the Supplier must be made by an authorised officer of the Supplier in writing. A waiver of any provision or breach of this agreement by the Applicant must be made by the Applicant's authorised officer in writing.
2. Until ownership of the goods passes, the Applicant waives its rights it would otherwise have under the PPSA (unless otherwise agreed to in writing by the Supplier and the Applicant):
  - under section 95 to receive notice of intention to remove an accession;
  - under section 118 to receive notice that the Supplier intends to enforce its security interest in accordance with land law;
  - under section 121(4) to receive a notice of enforcement action against liquid assets;
  - under section 129 to receive a notice of disposal of goods by the Supplier purchasing the goods;
  - under section 130 to receive a notice to dispose of goods;
  - under section 132(2) to receive a statement of account following disposal of goods;
  - under section 132(4) to receive a statement of account if no disposal of goods for each 6 month period;
  - under section 135 to receive notice of any proposal of the Supplier to retain goods;
  - under section 137(2) to object to any proposal of the Supplier to retain or dispose of goods;
  - under section 142 to redeem the goods;
  - under section 143 to reinstate the security agreement; and
  - under section 157(1) and 157(3) to receive a notice of any verification statement.

## Costs

1. The Applicant must pay for its own legal, accounting and business costs and all costs incurred by the Supplier relating to any default by the Applicant under this agreement. The Applicant must also pay for all stamp duty and other taxes payable on this agreement (if any).
2. The Applicant will pay the Supplier's costs and disbursements incurred in pursuing any recovery action, or any other claim or remedy, against the Applicant, including collection costs, debt recovery fees and legal costs on an indemnity basis.
3. Subject to clauses 50 and 52, payments by or on behalf of the Applicant will be applied by the Supplier as follows.
4. Firstly, in payment of any and all collection costs and legal costs in accordance with clauses 32 and 50.
5. Secondly, in payment of any interest incurred in accordance with clause 57.
6. Thirdly, in payment of the outstanding invoice(s).
7. In circumstances where the Supplier seeks to enforce a purchase money security interest under the PPSA over collateral or proceeds (these terms being consistent with the terms defined in the PPSA), payments received from the Applicant will be allocated in a manner at the Supplier's absolute and unfettered discretion, so as to attribute, to the greatest extent possible, the unpaid balance of the debt to the purchase money obligation in respect of the collateral and/or proceeds over which the Supplier seeks to enforce its purchase money security interest.
8. To the extent that payments have been allocated to invoices by the Supplier in its business records, the Supplier may, at its sole and unfettered discretion, allocate and/or retrospectively reallocate payments in any manner whatsoever at the Supplier's absolute discretion, including in a manner consistent with clause 51 herein.
9. Payments allocated (and/or reallocated) under clause 50 and/or 51 will be treated as though they were allocated (and/or reallocated) in the manner determined by the Supplier on the date of receipt of payment.

## Taxes and duty

1. The Applicant must pay GST on any taxable supply made by the Supplier to the Applicant under this agreement. The payment of GST is in addition to any other consideration payable by the Applicant for a taxable supply.
2. If as a result of:
  - any legislation becoming applicable to the subject matter of this agreement; or
  - any changes in legislation or its interpretation by a court of competent jurisdiction or by any authority charged with its administration; the Supplier becomes liable to pay any tax, duty, excise or levy in respect of the amounts received from the Applicant, then the Applicant must pay the Supplier these additional amounts on 48 hours' written demand.

## Interest rates

1. The interest rate on any outstanding debts is a fixed rate of 2 percent per month.

## Set-off

1. All payments required to be made by the Applicant under this agreement will be made free of any set-off, or counterclaim and without deduction or withholding unless agreed to otherwise by the Supplier and the Applicant in writing.
2. Any amount due to the Supplier from time to time may be deducted from any monies which may be or may become payable to the Applicant by the Supplier.

## Miscellaneous

1. The Supplier is not liable for any loss caused to the Applicant by reason of strikes, lockouts, fires, riots, war, embargoes, civil commotions, acts of God or any other activity beyond the Supplier's control.
2. In relation to the supply of goods, the Supplier's liability is limited to:
  - replacing the goods or supplying similar goods;
  - repairing the goods;
  - providing the cost for replacing the goods or for acquiring equivalent goods; and
  - providing the cost for having the goods repaired.
3. In relation to the supply of services, the Supplier's liability is limited to:
  - supplying the service again; or
  - providing for the cost of having the services supplied again
4. The Supplier is not liable for loss of profit, economic or financial loss, damages, consequential loss, loss of opportunity or benefit, loss of a right or any other indirect loss suffered by the Applicant as a result of the goods and/or services supplied under this agreement.
5.
