

Putting Water Where it Counts!®

Agri Drip™ Classic & Pressure Compensating

Made in Australia

antelco.com

Agri Drip™ Classic & Pressure Compensating

A sealed turbulent flow path dripper that provides consistent and uniform performance at an economical price.

Features

- Agri Drip™ classic with colour coded bases
- Positive barb connection to suit 4 mm ID micro tube or direct connection to supply tubing.
- Classic for rainwater tanks and low pressure systems.

Applications

Horticultural tree and row crops, vineyards and landscape.
