Terms & Conditions

Payment terms

1. The terms of payment are strictly thirty (30) days (or such other period as nominated by the supplier herein) from the end of the month in which the goods are purchased. Little Moreton Pty Ltd ABN 39 629 375 794 and its related bodies corporate (as that term is defined in the Corporations Act 2001 (Cth)) (Supplier) may, at any time, vary the terms. The Supplier will give the Applicant fourteen (14) days' notice of any variation to these terms.
2. If the Applicant does not agree with the variations proposed by the Supplier, they must notify the Supplier in writing within fourteen (14) days from receipt of the written notice that the variations are not agreed to. The Supplier and/or the Applicant will then be at liberty to suspend/withdraw credit facilities if no agreement can be reached between the parties regarding the proposed variations. Clerical errors (such as spelling mistakes or grammatical errors) may be subject to correction without notification.

4. Should the Applicant not pay for the goods or services supplied by the Supplier in accordance with the credit terms as provided herein, or as agreed in writing by the Supplier and Applicant from time to time, after issuing a written demand to the Applicant demanding payment within fourteen (14) days, the Supplier will be entitled to charge any administration fees incurred.
5. The following are the terms and conditions of sale unless the sale results from a written quotation in which case the terms and conditions appearing on the Supplier's quotation form.

In the event that a credit note is not issued the Applicant will be advised and the goods made available to the Applicant.
5. The manager in each state office must approve any stock returns and goods cannot be returned without prior authorisation. Goods will not be accepted for return for credit later than thirty (30) days after date of purchase and $15 per credit fee applies for processing and handling returned goods.

9. The Applicant agrees that where the goods have been retaken into the possession of the Supplier, the Supplier has the absolute right to sell or deal with the goods, and if necessary, sell the goods with the trademark or name of the Applicant on those goods, and the Applicant hereby grants an irrevocable licence to the Supplier to do all things necessary to sell the goods bearing the name or trademark of the Applicant.
